

PepeNero

PepeNero (BSC)

ROADMAP

Phase 1: Launch and Community Building

Q3 2023:

Token launch on the Binance Smart Chain (BSC).

Liquidity pool creation and LP token locking.

Community outreach and engagement via social media channels.

Telegram group establishment for community discussions and updates.

Initial marketing campaigns to raise awareness about PepeNero (BSC).

Phase 2: Exchange Listings and Partnerships

Q4 2023:

Strategic partnerships with reputable projects, influencers, and communities.

Listing on decentralized exchanges (DEX) such as PancakeSwap and other prominent BSC-based DEX platforms to enhance liquidity.

Continued marketing efforts to expand the user base and community.

Phase 3: Utility and Development Enhancements

Q1 2024:

Introduction of utility features to enhance the use cases of PepeNero.

Collaborations with existing DeFi projects to integrate PepeNero into their platforms.

Exploring potential collaborations with centralized exchanges (CEX) for wider accessibility and reach.

Research and development for additional functionality such as staking, yield farming, and NFT integration.

Community-driven development initiatives through open-source contributions and bounties.

Phase 4: Governance Implementation

Q2 2024:

Deployment of a decentralized governance framework.

Launch of a voting platform to empower the community to propose and vote on key decisions.

Engaging the community in important matters such as token utility enhancements, partnerships, and marketing strategies.

Encouraging community members to contribute actively through incentive programs and rewards.

Phase 5: Expansion and Ecosystem Growth

Q3 2024 and beyond:

Continuous efforts to expand the PepeNero ecosystem through strategic partnerships and integrations.

Collaboration with other blockchain networks to explore cross-chain compatibility.

Regular updates and improvements based on user feedback and market demands.

Continued marketing and community engagement to ensure long-term sustainability and growth.

Note: The roadmap provided is a general outline and subject to change based on market conditions, technological advancements, and community consensus. Regular updates and transparency will be maintained to keep the community informed about the project's progress and any adjustments to the roadmap.
